

## HK EPD delegation' s visit to Chiho HK' s recycling facility

On September 19th, the Deputy Director of the Hong Kong Environmental Protection Department (EPD), Mr. Elvis Au, and other EPD officers visited Chiho Environmental Group' s (CEG) Hong Kong recycling facility to learn about the facility' s new electronic waste processing capabilities.

The General Manager of Chiho Hong Kong, Mr Kwok Chun Sing introduced the EPD delegation to the newly installed state-of-the-art equipment which utilizes both manual and automated processing for the sustainable recycling of electronic wastes. With the upgraded capabilities, Chiho Hong Kong will not only be able to recycle a higher volume of scrap materials but also a larger range of electronic equipment.

Mr. Kwok and the EPD delegation also discussed about the future of electronic waste recycling in Hong Kong and expressed hope that CEG' s Hong Kong facility can better serve the needs of the city.
